Wish all the best of the college

--

Talcher autonomous college is strategically placed and has a bright future. Resource is not a problem there. It has a great future

Sufficient faculties should be appointed for better development in teaching

The campus suffers from air pollution due to particulate coal matter. It poses respiratory problems. Prevention measures should be adopted.

To give more focus on Research and development

Scope for betterment

Improve study atmosphere inside the college campus

Lab facilities should be upgraded digitally . Modern methods of education and wifi communication of technology should be considered for the design development and applications to keep students and teachers connected.

For all round development it need coordinated efforts of GB principal Teacher students & parents. .ted efforts of GB efforts of GB,principal ,Teacher ,studen

More involvement of dignitaries would make better mentoring towards Academic development of the institution.
